Increasing the unconsented size of arrays to 200kw

Q20 **What decision are you seeking from Council? (clearly indicate whether you support of oppose the specific provisions or wish to have amendments made, giving reasons).**

Long Text

Submission point 10.02

I fully support council increasing the size of unconsented PV system to 200kw to allow the grid to thrive.
many rural connections can already take this size system in without upgrading transformers or fuse sizes.
The consent process is delaying most larger systems from being able to help reduce load on the grid during the day.

Q21 **Please note: All submissions will be treated as public documents and will be made available on Council's website. However, you may request that your contact details (but not your name) be withheld. If you want your contact details withheld, please let us know by ticking this box**

Single Checkbox

Yes
